

## Ladders of Learning Log 5784

In 5784, NVHC members are investing their time and energy in *Avodat Kodesh* - sacred service. One of the spheres of sacred service is *Limmud* (study). The Ladders of Learning Program is designed to encourage the ongoing pursuit of Jewish knowledge.

Anyone can participate in this program! Participants are responsible for recording their learning activities in their logs (link below), and may enter limmud hours from up to 30 days prior to enrolling in the program.

There is no time limit for accumulating learning hours! **We will celebrate our learners at every level together on Erev Shavuot (Tuesday, June 11)**, with special recognition for learners who have reached the following milestones:

- Bonim Level: 25 hours of study
- Keva Level: 50 hours of study
- Kavanah Level: 100 hours of study

Please bring your logs to NVHC **before Shabbat on Friday, May 31** so that we can best prepare to celebrate our community of learners!

Participants may earn limmud hours in any of the following settings:

- Communal Study: Limmud hours may be earned in any NVHC Lifelong Learning program - clergy classes, guest teacher series, Hebrew study, Speaker Series, etc.
- Educational Travel: Participants may earn up to 10 limmud hours for travel to unique Jewish communities and historic sites for a maximum of 40 limmud hours in travel-related credit.
- Independent Study: Limmud hours may be earned through independent study after consulting with the rabbis or cantor to design and evaluate the program.
- Judaic Studies on a college level: 15 limmud hours will be granted for each credit earned in a Judaica course or related subjects at an accredited college or university.
