NORTHERN VIRGINIA HEBREW CONGREGATION PRESENTS:

# SHARDS

PUTTING THE PIECES TOGETHER

In Evan Kent's one-person show "Shards", the audience travels with Evan across three continents and throughout the generations, filled with stories of both great joy and discovery, and tales of sadness and loss. The stories and songs invite us to encounter the past, embrace the present, and imagine what the future can be.

"Shards" transcends any one person's story, touching on themes that speak to everyone, for it is a story of searching for home, of the meaning of home, and of making our homes in the world and throughout history.

"Shards" celebrates the strength it takes to break apart the things that are holding you back and then to travel as far as it takes to begin to put the pieces together anew to build a better life.

Cantor Evan Kent is a wonderful storyteller, a gifted musician, and an inspiring performer. You will be entertained and enlightened with Jewish storytelling at its best.
