**THE COPPER SCROLL PROJECT: AN ANCIENT SECRET
FUELS THE BATTLE FOR THE TEMPLE MOUNT**

By Shelley Neese

The Copper Scroll Project tells the story of an Oklahoma arson investigator, Jim Barfield, who sets off on a decade-long quest to uncover Qumran's secrets—the lost treasures of the Jerusalem temple—and show the world that the Dead Sea Scrolls were merely the tip of the archaeological iceberg. *The Copper Scroll Project* is the one remaining witness to a covert operation to rescue Temple tithes and vessels before foreign invaders overran Jerusalem's city gates. Could secrets contained in the most enigmatic of the Dead Sea Scrolls, the Copper Scroll, hold the keys to one of the greatest treasures in Israel's history?

Let us know if you plan on attending and what dairy dish you'll be bringing. RSVP by Tuesday, January 7th to Joyce Schueftan, Membership Chair at:
